### Activities overview

Our dedicated centre manager and qualified staff prioritise children's safety and happiness, overseeing daily educational and recreational activities. Our clubs cater to a variety of interests, providing diverse experiences. Children participate in social activities, learning fascinating facts, and playing games such as Connect 4, magnetic colour and number maze, LCD writing tablet, colouring activity sheets, Jenga, marble run, puzzles, and clay. They also engage in circle activities. Creativity is nurtured through mask-making, creating LEGO models, and storytelling. Physical activities encompass ball games, air floating hover football, football, flying air ball, badminton, table tennis, water balloon, and team sports, promoting balance and coordination. Educational exploration includes learning languages, global toys, and educational computer games. Entertainment and relaxation options feature board games, tabletop activities, slime sensory activities for texture and sensation experiences, constellation sensory ball, sensory liquid timer, sensory loom bands, fishing game, puzzles with numbers and letters, international recipes, gardening, movies, and music sessions for talent showcases.
