Activities overview

Our dedicated centre manager and qualified staff prioritise children's safety and happiness, overseeing daily educational and recreational activities.

Our clubs cater to a variety of interests, providing diverse experiences. Children participate in social activities, learning, fun, playing games, and taking part in hall games. Creativity is nurtured through arts and crafts using different mediums, including paint, modelling clay, and colouring. We also offer small-world play and books.

Physical activities include ball games, parachute games, and team sports, promoting balance and coordination. Entertainment and relaxation options feature board games, tabletop activities, slime sensory activities for texture and sensation experiences, and beading and loom bands. At Sudbourne, we plan our activities around the children's interests, and for the EYFS children, we try to link in with activities involving what they are learning about in class.
